

IISDCO®

Brand

Door hardware  
A New & Dynamic Brand

— Story

# The Birth Of Brand

The birth of the IISDOO brand stems from the almost obsessive pursuit of "high quality"

The founder of the brand studied in the UK and visited European companies.

Understand why there are so many world-renowned luxury brands in Europe

It is precisely because of the high standards and high requirements of "European craftsmanship"

Make every product a high-quality work of art

He decided to create his own brand of door hardware. Original design of every door handle, every architectural hardware. Innovate every process and introduce high-tech equipment

He understands that what customers need is high-quality products and considerate service capabilities

*Engage the world !*

## **What We Willing To**

To be the leading brand of home improvement door hardware in the world

## **What We Insist**

Only Produce High Quality Hardware

## Design Style

After the journey, the founder of the brand began to study all kinds of door handles, and wanted to design matching hardware in line with the development of home style.

Familiar with European industrial development trends, he has finally developed products such as modern simple handles, affordable luxury handles, and functional hardware.

# Product Series

IISDOO is a newly established dynamic hardware brand, which focuses on serving the European market and can quickly feel the changes of the world's high-end technology and cutting-edge design.

IISDOO develops a range of Interior Door Handles, Glass Door Handles, Door Hardware Accessories, Architectural Hardware.

Wooden Door Lock series

**What We Strength**

## Strict Quality Control

### Whole Process QC Team

Quality control for complete production line We have a 15-member QC team, they are mainly working on different positions: after die-casting parts, after polishing parts, after electroplating parts, incoming material, and after installation. We promise that we inspect the goods one by one, not randomly inspect the goods.

## Strict Quality Control

### Different Process Testing Laboratory

Testing in the In house testing We have testing team for in house testing every month, including salt spray test, cycle test, die casting parts testing, Daily simulation use testing.

# Test Verification of Conformity

Verification Number: 180403166-GZU-VOC001

### Third-party Authoritative Certification

Third party authoritative test We had pass the EN1906:2012 Standards and got the certification from Intertek. Quality management system In 2021, we got the Certification of ISO9001, in order to improving the production system and adopt a higher production standard.

# PRODUCTION CAPACITY

we have invested over 500,000USD for Automatic production equipment. Until now, we have sets of auto CNC machine, 2 set of auto die casting machine, and 3 sets of auto drilling machine. In addition, we also invested 2 sets of auto polishing machine--Mechanical arm. In this way, all of our products could adopt same production standard. In busy season, due to automatic machines, we could become a 24-hours factory, to meet the customer's order requirements.

# Never Stop Innovating

## Custom Service

Custom service we could customize competitive designs only for you in the market.

## Experienced R&D Team

Contact with market demand by sending R&D team to visit customers for collecting demands for new products.

3-5 products in new and unique design are launched yearly Monthly R&D meeting to manage the progress and results.
